Subject: Clarification and compliance regarding Point No. 4 – Safety arrangements in Science Laboratory – reg.

Ref: 1. Application No. WL-00027-2627 dated 16/06/2025
2. Rejection Letter No. CBSE/AFF/WL-00027-2627/2026-27 dated 26/11/2025

Respected Sir/Madam,

With due respect, this is in reference to Point No. 4 mentioned in the rejection letter cited above, regarding the presence of a gas cylinder inside the science laboratory and the use of plastic chairs instead of suitable laboratory stools, which was observed during the compliance video.

In this connection, we respectfully submit the following clarification and compliance for your kind consideration:

1. At the time of the compliance video, due to time constraints, a permanent gas connection as per prescribed safety norms could not be arranged immediately.
2. We humbly submit that now the gas cylinder has been completely shifted outside the science laboratory, and no gas cylinder is kept inside the lab premises.
3. A permanent gas pipeline system with proper burners has now been installed inside the science laboratory, strictly in accordance with safety norms.
4. Further, the school has removed all plastic chairs from the science laboratory.
5. Proper laboratory stools and required lab furniture have now been arranged and placed in the laboratory for the safe and convenient use by students.

The school management assures the Hon'ble Board of its full compliance with CBSE safety and laboratory infrastructure norms and affirms that utmost priority is given to student safety.

We humbly request the Board to kindly consider the above compliance and allow us an opportunity for review.

Thanking you.
Yours faithfully,
